NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU }
HIGH POINT, N. C., June 23. }

Miss Alice Hilliard and her little brother Jim, children of Rev. J. M. Hilliard, who once lived here, arrived in the city yesterday and are the guests of the family of Mr. G. Burns. They will remain in the city as their parents will move back to their home in High Point next week.

W. E Lewis went to Greensboro on the excursion train yesterday to make arrangements for the removal of his family here next week. They will occuppy rooms in the Hammer residence, which Mr. Chas Tilden has leased.

The Sunday schools of High Point have run their annual excursion to Raleigh and returned home all safe and sound after spending one of the most pleasant days of their experience on a picnic. We left High Point yesterday morning at 8:05, stopping at Jamestown to take on a party of about twenty-five people who were in waiting, arriving at Greensboro 8:35, where a goodly number also got on board, among whom was Miss Jessie Henley. Leaving the Gate City 8:55 three more stops were made—at McLeansville, Graham and Burlington to take on passengers. The train reached Pullen Park, two miles from Raleigh, where the excursion people were to picnic. Most of the crowd got off at this place; a good many however, remained on board going through to the capital. At these two places the multitude scattered to the four winds, not getting together again until the train started for home. The capitol, museum, state library, penitentiary and institution for the blind were the chief places of interest visited, especially were the first three named buildings crowded, during our stay. It is a treat to any one to visit these splendid public buildings. The Spanish Norfledt rapid-fire gun, captured in the battle of Manila, and recently presented to the city of Raleigh is, alone, worth going that distance to see After going over the capitol and museum we called upon our old friend, State Librarian M. O. Sherrill, whom since childhood we have known. Mr. Sherrill took pleasure in showing us over the different rooms of the building which are full of interesting things, and which we duly appreciate. The portraits of Ensign Worth Bagley aad Zebulon B. Vance especially impressed the writer as to their beauty of character as well as striking appearance from the touch of the artist's brush. While there several visitors came in, among whom were Miss Addie Allsbrook, of Richmond; Miss Beulah Best, of High Point; Lawyer Amis, of Raleigh and Mr. Walter Norton, of Thomasville, who were introduced to Mr. Sherrill and made to have a pleasant time. By request, before leaving the party registered their names on the library book so as to leave a souvenir of their visit. We are indebted to the clever son of Mr. Sherrill, Russell, for many kindnesses shown. The people of Raleigh threw open wide their gates and gave the excursionists a hearty, typical southern welcome, who are loud in their praise for the good people of the Old North State's capital. The excursion pulled out from Raleigh at 6:10 and arrived here at 9:32.

RUINS OF THE BENBOW.

Capt Fisher Offered $33,500 For the Property.

What will become of the ruins of the Benbow hotel is still a matter of speculation. Capt. Fisher says he had rather sell, at his price, than to rebuild. The Telegram learns that he was today offered $33,500 for the site, ruins and bar, and he is now considering the offer. Should he accept the offer, the erection of a large, modern hostelry will begin at once, as the two gentlemen who make the offer have almost unlimited means, and will probably consolidate with the company, which, as the Telegram mentioned sometime ago, was being formed to erect an hotel to cost not less than $100,000.

Whether Capt Fisher sells or rebuilds, or neither, one feels safe in stating that Greensboro will have another hotel, and a modern one. No better investment could be made and should the ruins be disposed of for some other purpose the new company would raise the desired $100,000 in a very short time. $25,000 was subscribed before the destruction of the Benbow and since that event matters have been at a standstill pending the disposition of the property.

Immense Crowds.

The immense crowds that were seen at the Carolina Shoe Co.'s Store yesterday is proof that the people know and appreciate a genuine bargain when they see them. They are clearing-out all broken lines of men's, ladies' and children's shoes at fifty cents on the dollar. If you haven't been to this great clearing-out sale you should go at once.

GENERAL HENDERSON IS FIT

For His New Duties, Says Our Washington Correspondent.

THE CONTEST IN KENTUCKY

For the Democratic Nomination For Governor Is Watched With Much Interest.

Special to THE TELEGRAM.

Washington, June 23—Friends of General Henerson are paying but little attention to the statements which are being widely circulated through the newspapers, regarding his alleged unfitness for the office of speaker of the house The charges that the general is not a parliamentarian, and is of a hasty temperment, are known by his friends, and those who have come in contact with him in Washington, to be utterly unfounded. During his term in the house, which has been about fourteen years, from his service on various committees, including the committee on rules, of which he is a conspicuous member, he has gained an insight into the intricacies of parliamentary law, and parliamentary rules and procedure not possessed by most members of the lower house. During the last congress, and congresses preceding, the general has often been called to the chair as presiding officer by the speaker, or has served as chairman of the committee of the whole house, which is sometimes even more difficult a position than presiding over the house itself, and he has always acquitted himself well while in the chair. Another point which is in the general's favor, and which makes him an admirable candidate for the speakership is his well known fairness towards the minority. If elected to the speakership of the Fifth-sixth congress, there is no doubt felt on the part of those who know him but will prove himself entirely worthy of the great office.

There is considerable gossip as to the minority candidate for the speakership. From talks with democratic members from the south, the belief is that the race will be between Representatives Bankehead, of Alabama, and Richardson, of Tennessee. The Virginia and North Carolina delegations are said to be divided between the two gentlemen.

The outcome of the contest in Kentucky for the democratic nomination for governor is watched with much interest by politicians of both political parties. A gentleman from Kentucky was seen at the Metropolitan Hotel the other day, and he stated that in his opinion the democrats would nominate Stone, and that harmony would be effected between the warring factions, in which event the democratic ticket would be successful at the polls next November. In case Hardin forces fight after the convention, then he thinks that the republicans will elect their state ticket again.

It is thought in Washington that whatever may be the outcome of the fight on the state ticket, the legislature to be elected will be democratic, and this will insure the return of Ex-Senator Blackburn to the United States senate, to succeed Senator Lindsay, whose term of office expires in 1901.

Mr. John T. Sloan, of Columbia, South Carolina, was seen at the Metropolitan Hotel the other day. He says that Governor McSweeny is very popular throughout the state, and that at the present time the indications are that he will give the state of South Carolina a clean and popular administration. He says that in Columbia, at the present time, there is very little heard in relation to the dispensary system, or any other political matter.

Representative Jones, of Virginia, has been in Washington for most of the time since the meeting of the Virginia democratic committee. He says that he hears that there is some opposition to his renomination, but from what he learns through his friends, the opposition is not troubling him much. He thinks there is no doubt of his renomination.

Special service in North Carolina has been discontinued at Perkinsville, Burke county, from Worry. To take effect from July 2, 1899.

There seems to be no doubt but a successor will be elected clerk of the United States senate at the beginning of the next session to succeed General Cox, of North Carolina, but Sergeant-at-Arms Russell may be retained.

Tuesday Night, June 27, 1899.

This is the date set apart for the "Gate City Band" lawn party. The lawn is the prettiest, as well as the most desirable place in the city for this purpose. There will be an entirely new feature given on that night that has never been witnessed at any entertainment in this city. Watch the papers from day to day and you will get the particulars. There will be the greatest plenty of cream and cake, and best of all a great many pretty girls to wait on you. Remember for what purpose the money is to be used and be liberal.

CAPT. S. E. ALLEN DIES

Of Paralysis Of The Heart At Winston—Other Interesting News.

Special to the TELEGRAM.

Winston, N. C., June 23—Capt. S. E. Allen is dead!

The entire community was shocked early this morning by the above announcement. Paralysis of the heart was the cause of his death. The end came a few minutes after 1 o'clock this morning. He had been complaining for two days, but no one, not even the members of his family, considered his condition in any way serious. He was at his store a few times Wednesday, but remained at home all day yesterday.

Mr. James Sheppard, one of Capt. Allen's salesmen, was with him yesterday afternoon and last night. Dr. Dalton was called in last evening. Capt. Allen complained of a severe pain in the head. Mr. Sheppard says that about 10:30 o'clock Capt. Allen asked to get up. He was assisted and standing on the floor, he placed his arm around Mr. Sheppard's neck and laid his head upon his (Sheppard's) shoulder. Capt. Allen then remarked: "Jim, I will live as long as I stand up; but if I lie down again I will die."

Mr. Shepherd still did not consider Capt. Allen serious and talked to him in a jocular way. He persuaded him to lie down again. Cold bandages were places around his wrists and on his head, after which Capt. Allen said he felt better. He was requested to go to sleep. In a few minutes he began coughing and appeared to be strangling. Mr. Shepherd raised his head up and asked him if he was choking. Capt. Allen replied that he was not.

Mr. Shepherd went over to his home, leaving Miss Nettie Allen in the room. In a short time the daughter came out and called Mr. Shepherd, telling him that there was something the matter with her father. Mr. Shepherd rushed in the house, but soon discovered that the man he loved was dead.

Your correspondent but voices the sentiment of the entire community in saying that Capt. Allen will be missed.

He has been a resident of Winston since 1875. He came here in December of that year and opened a hardware store in the building now occupied by the Wachovia National Bank, the first part of 1876.

Before coming to this city Capt. Allen was general ticket agent for the old Richmond & Danville railroad. He lived in Raleigh, Charlotte and Greensboro.

A few years after locating in this city Capt. Allen bought the building in which he began business. Several years thereafter he sold it to the present owner, Mr. James A. Gray. A year or two later he moved his stock of goods into the Pfohl & Stockton building, corner of Third and Main streets. While in this building Capt Allen was burned out, with very little insurance. Assisted by good friends he was soon enabled to resume business in the First National bank building, where he has conducted a wholesale and retail store since that time. A few years ago his stock was greatly damaged by fire.

Capt. Allen married Miss Laura Miller, of Concord. His wife and six children survive him. One daughter, Mrs. Saunders, resides at Sumter, S. C. She and other relatives were notified today of his death. Two brothers, Messrs. W. B. and Nathan Allen, were residents of Winston for several years and clerked for Capt. Allen. The first named moved to Greensboro last year.

A telephone message was received here late yesterday afternoon from a policeman at Burlington. He stated that he had located Jim Gray, the negro who did the shooting on the excursion from Durham Monday night. The officer wanted to know the names of the two men who were shot and the parties who witnessed the shooting. Chief of Police Crutchfield was asked to furnish the desired information.

The First Baptist Sunday school has decided to run an excursion to Mt. Airy next Thursday. The "Granite City" is a delightful place.

Preparing for War.

Berlin, June 22—The Kolnische Zeitung publishes a dispatch from The Hague asserting that Dutch official circles say that the Transvaal government is preparing to make a most stubborn defense in the event of war with Great Britain and is arming in the most complete fashion.

According to this informant, Pretoria has just ordered 25 quick-firing guns and several heavy calibre guns for Fort artillery from the Krupps.

FILIPPINO JUNTA AT HONG KONG

Gives a Grand Ball and Reception Which Affords Amusement To the English.

By Cable to THE TELEGRAM.

Manila, June 23—Aguinaldo doesn't seem satisfied with the attempts of the insurgents and has taken command of Gen. Luna's army and has massed the largest force of Filipinos yet mobilized, bringing a thousand additional troops from the Antipolo region. He is exceedingly troublesome. Last night his men wounded two members of the seventeenth regiment. McArthur's men are constantly on the alert to repel any attacks of the rebels, sleeping on their arms. McArthur thinks Aguinaldo will make a desperate attempt to take San Ferrando. His force is now estimated at sixty-eight thousand.

FILIPINO JUNTA'S SCHEME.

Hong Kong, June—The Filipino junta here is greatly excited over a dispatch that is alleged to be from Aguinaldo, stating that the Americans had promised to grant the insurgents independence. To testify its happiness, the junta gave a grand ball and reception, which was largely attended, and affording much amusement to the English. Consul General Wildman says he believes the affair was organized for the purpose of enthusing the wealthy Filipinos and causing them to contribute funds to the junta.

General Luna's death is admitted here and causes gloom to supporters of the Filipinos' cause.

ONE WEEK FROM TOMORROW

The Greensboro Dispensary Will Open Up.

John B. McCauley, at present a clerk in S. J. McCauley's bar, has been elected dispensary clerk by the board of directors. Mr. McCauley is a clever and polite gentleman, understands the business and we feel sure that the board has made a good selection.

Wash. Donnell, colored, who is at present porter in the Benbow bar, will perform the functions of porter in the dispensary. Wash. is an intelligent and industrious negro, and will do his new work well.

The dispensary will open one week from tomorrow. Manager Bouldin is making preparations to have everything start off right. The bar rooms will close for the last time—until further developments at least—at 10 o'clock Friday night when the date of their license expires.

Colored Girl Badly Beaten.

John Eason and Link Austin, colored, were arrested by constable Dave Scott today charged with cruelly beating Ponder Headen, a colored girl, a few days ago. It is said that the girl was most unmercifully and brutally beaten and bruised by the men, who were summoned to trial before 'Squire Eckle at 1 o'clock today. The justice continued the case until 5 o'clock tomorrow afternoon.

CHARLOTTE ROAD MEETING.

We would recommend a good attendance of those of our citizens who are interested in a better system of public roads, at the road-builders institute to be held in Charlotte beginning July 11, and continuing ten days or two weeks. There will be a large attendance from South Carolina, as well as from this state. The meeting will be conducted by Prof. Holmes, state geologist, and Gen. Roy Stone, the director of the United States government department of road engineering. There will be turned loose much valuable information and suggestions on this most important subject which should engage the attention and the co-operation of all who wish to depart from our present antiquated system of public highways.

General Joubet, Vice President of the Transvaal Republic, has carefully laid his plans for the war with England. He proposes to march on Kimberly with 20,000 men and 46 cannon, and having blown up the diamond mines, he will then continue on to Cape Town with his forces where he will dictate terms of peace to the vanquished British Empire. The total number of burghers of military age in the Transvaal does not exceed 12,000; and the inventor of the romance takes no account of the 750,000 blacks living in the republic who would need to be kept in order, nor of the 30,000 able-bodied outlanders at Johannesburg, nor of the 10,000 British regulars in Natal and Cape Colony, to say nothing of the loyally British colonial militia Gen. Joubet will doubtless feel surprised when, crawling from his narrow chest, he finds himself "suddenly destroyed, and that without remedy." Another case of tackling the buzz-saw.

The Wilson News, agreeing with Dr. Shearer, of Davidson College, says:

By all means let the Bible be used as a text book in the schools. Let the beauties and the truths of the Book of Books be taught in every North Carolina school and within her borders there will arise a type of citizenship that will reflect added lustre and glory upon the fair name of the state.

False learning may be found elsewhere, but true wisdom has its basis upon the divine teachings of the Holy Writ. And the coming generations should have its precepts thoroughly inculcated in their minds while young, that when arrived at manhood they may not depart therefrom.

The Filipinos are certainly in dead earnest, and the estimate of Dr. McQuesten, of Otis' staff, that 150,000 American troops will be required to subdue them, is probably correct. They have just sentenced Col. Arguelles, one of their most prominent and conservative leaders, to twelve years imprisonment for suggesting that the American terms of autonomy be accepted.

The attempt of Schley's enemies to prove that he was guilty of cowardice at the battle of Santiago, falls flat. The bullet-scars on the Brooklyn, and the proved holes of her cannon-shots on the enemy's ships, is abundant refutation of the charges against the bravery of our southern sea hero.

General John B. Gordon, of Georgia, with the ill luck of General Wade Hampton, loses his home by fire. The whole south sympathizes deeply with the old hero of the Army of Northern Virginia.

Other cities of the state are hinting to the Southern for a new depot, since Greensboro has been presented with such a nice one. But where's the town that deserves a structure like ours?

No, Maude, dear, a military bore is not generally selected to drill soldiers. How silly!

Who was it suggested that Greensboro adopt the automobile? We had best first adopt navigable streets.

DR. TANNER, THE FASTER,

Is in Town---Interviewed by the Telegram.

Joy to the town! A carload of watermelons has arrived and the welcome visitors are distributed among our enterprising dealers in abundance and today the dinner tables of many of our citizens will be garnished with the pink and cellular tissue of this semi-tropical production.

The poetic philosophy of good old Isaac Walton centered upon the strawberry. He said, "that doubtless the Almighty could have made a better fruit than the strawberry, but it was safe to say that he never did."

Right in the first warm flush of the merry, merry, watermelon season, and on the same day that Clegg's carload of melons arrived comes the celebrated Dr. H. L. Tanner, of "Forty Days Fast" fame.

He it was who tore the tongue of slander from the throat of treason, redeemed the juicy watermelon, confounded its detractors and pinnacled its cellular toothsomeness upon the affections of not only of the people of Greensboro, but the continent at large. Dr. Tanner, like Isaac Walton, has a poetic philosophy—but differing in this, his is centered in the watermelon.

Elucidating the high esteem in which he holds it he said to our reporter "When a man has totally abstained from food for forty days and then feasts on a forty-five pound Georgia watermelon, he reaches a point in his festivities a little nearer the 'Delectable mountains' than it is possible to attain at a church festival where delicious strawberries and cream are served in their most attractive and profitable form amid the most enjoyable surroundings."

Dr. Tanner is now tarrying at the Allen House for brief period.

He is an enthusiast and was heard to remark when he caught sight of that carload of melons, and saw the people regaling themselves with the rich, ripe, lucious fruit, that such feasting had established a bond of unity between himself and the people of Greensboro as indestructible as that existing between himself and his idol.

To our reporter he said: "No one can awaken in my mind the least interest in the real estate of the 'eternal city' till I am convinced that the evergreen shores of the land 'over there' are made so by the fruits of the vine under consideration. As a sequence of my adoration I was long since named 'Watermelon Tanner,' a sobriquet I am content to carry to the end of my earthly journey, if some one will only engrave a melon on my gravestone and plant melon seeds on my grave that the living vine may tell the story of the man who conferred upon humanity an everlasting boon by removing the cloud of suspicion with which—previous to my fast—prejudice had enveloped it."

Continuing, Dr. Tanner said: "I am constantly reminded on my advent into a city that the 'Peculiarly American Sensation,' as my fast was termed is not forgotten. I find that Greensboro is no exception to the rule From the character of numerous interviews since my arrival in this city I am confident that an elucidation of my philosophy, and the grand part the historical Georgia melon played in the breaking my fast, will not be regarded by your readers as the unpardonable sin.

"Presuming on your courtesy, I will briefly portray some of the superb qualities of the melon that proved so alluring and satisfying to the eye and soul of the forty day faster at the noonday hour of the 7th day of August, 1880.

"I had frequently announced that I should terminate my long abstinence from food with a watermelon. As a result the Horticultural Society of Georgia—convened at Macon at the time—sent by express a forty-five pounder. It was all meat of the choicest kind, the 'pink of perfection.' That melon I named Georgia, and decided to break my fast with it. The doctors to a man were disposed to anathematize my choice, declared that melons were deceptive and treacherous and tied double-bow-knots in the innermost parts of their victim's anatomy to give them torment.

"Dr. W. A. Hammond, ex-surgeon-general of the U. S. Army, claimed to have examined my stomach and declared that it was destroyed and that as soon as I commenced to eat, inflamation would set in and death soon follow.

FOUGHT THE MELON.

"After Hammond's opinion was made public the doctors,—composing my watch,—berated the melons more savagely than before. All their follies were laid bare, while their sterling virtues were kept out of sight.

"But notwithstanding all opposition I broke my fast as I intended. By midnight the forty-five pounder had gained peaceable possession of the gastric domain; and all was quiet. There was no weeping and wailing, nor snatching out false teeth; neither did the undertaker put in an appearance, and there was no hearse with nodding plumes at the door, as was predicted there would be. That melon did not go down the straight and narrow way to bring woe to him that looked upon when it was red. He was no tempter that came with serpent's guile. He said: "I am ripe and luscious. Look upon me. Is not my flesh like the glorious sunrise, even as the cheek of a lovely maiden? Am I not tender, sweet and toothsome? Eat! O, starving man; and straightway he that was shungered ate of that melon, forty-five pounds in twelve consecutive hours. It was a banquet worthy of the gods, and the jubilee singers being present, sang the Feast of Belshazzar.

"But in my case there was no Daniel to predict the ruin of my stomach. The prophecy business was off with Hammond on a summer vacation. Neither was there any 'handwriting on the wall' of my stomach to notify me it had been 'weighed in the balance' and found empty. There was no consternation at my feast only among those who predicted that as soon as I commenced to eat my stomach, like the 'old man's clock' would stop short never to go again.

GOT THE LAUGH ON THEM.

"They said if I persisted in eating that melon it would get the 'laugh on me.' It did get the laugh, not on me but on them. They said my stomach was ruined and would never again digest food, and yet that alleged ruined stomach digested sufficient food to add nine pounds to my weight in the first twenty-four hours after breaking the fast, and thirty-six pounds in eight days—all that I had lost—and thus it was that the professionals who expected to see me doubled and twisted up with melon colic in the course of an hour or two, were grievously disappointed. Since then the watermelon has enjoyed a tremendous vogue and its annual appearance in every town and hamlet in the United States in carload lots, is welcomed as the source of deep and abounding joy.

"The melons are in Greensboro once more and to her sons and daughters the feeling will come that although strawberry festivals are remembered only as enjoyments of the past, life is still worth living.

ECZEMA

Itching, Burning Skin, Scales, Sores, Pimples, Red and Raw Skin, and Eruptions that Burn and Itch.

Caused by Bad Condition of the Blood. Cured by Botanic Blood Balm (B.B.B.).

Sample Bottle sent Free.

If you have tried doctors, salves, washes, external and internal remedies, and still have Eczema, Tetter, Scald Head, Salt Rheum, then B.B.B. will cure you by literally driving the bad poisoned blood out of the body, bones, and entire system, and this is the only perfect cure. Other remedies fail to cure because they fail to drive the bad blood out. B.B.B. is an internal powerful blood remedy that is meant to, and does, cure after all else fails.

HAVE YOU itching, burning, scaly, crusted, or pimply skin, blisters containing pus or watery fluid, skin red, and an itching heat, with or without sores, on legs, arms, hands, neck, or face? Then take B.B.B. which will cure you, leaving the flesh free from blemishes, sores, or itching of any kind.

Chronic Eczema is a severe form of skin inflammation, with great redness and a raw surface. It may last for years with intervals of partial recovery, but easily returning. It often attacks the ears and neck. We have seen the ears burnt and crisped as a piece of roast meat, and the whole side of the neck a surface of raw, inflamed flesh, pitiable to behold. We know of six cases like this cured by B.B.B. during the past year (1898).

Any form of Eczema is due to diseased blood. Get the diseased blood out with B.B.B., and you are cured. B.B.B. is perfectly safe to take by old or young, and acts as a fine tonic.

Eczema on Children. When teething, children are very frequently afflicted with Eczema. Sores discharge, and a yellow crust forms upon the skin. Give the child mild doses of B.B.B., and the sores will soon heal.

Sample Bottle Free. Send 2 stamps for free sample bottle, and book. B.B.B. for sale everywhere. Blood Balm Co., Atlanta, Ga.

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of this vile poison, and only attempt to heal up the outward appearance of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely."

It is valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swifts Specific—

S. S. S. FOR THE BLOOD

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. Write for full information to Swift Specific Co., Atlanta, Ga.

I sincerely recommend it to any one afflicted with stomach or bowel trouble. C. E. Holton, druggist.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once It proved to be one of the very best medicines we ever had in the houses. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my daughter much suffering.—Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For sale by C. E. Holton, druggist.

E. Holton, druggist.

Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 98 per cent of hair losses are the results of microbes and the neglect of dandruff. The antiseptic action of

SEVEN SUTHERLAND SISTERS'

preparations kills microbes and removes dandruff. Their constant use for a period will, by acting directly on the hair bulbs, furnish nourishment, vitality and growing power to the impoverished roots and hair shafts, resulting in complete restoration.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

TORTURED BY BRUTES.

Two Boys Almost Killed By Men to Whom They Were Bound.

Mayor Taylor yesterday received a letter from parties in Stokesdale requesting him to conduct the prosecution of two men named Meadows and a Dr. White, of Rockingham county, who on last Sunday, administered brutal treatment to a white boy and a negro youth. The boys, it seems, were bound to the Meadows brothers and being treated cruelly, ran away last Saturday.

They were captured Sunday by the Meadows and Dr. White, who after beating them severely, tied their hands behind them, then tied them to their horses and compelled them to run ten miles in an hour and ten minutes. During the journey the boys were severely lashed with horse-whips. They passed through Stokesdale in this fashion and back to the Meadows' home where both boys fell from exhaustation and suffering.

Inraged by the inhumanity of the men, the Stokesdale people took steps to prosecute them and they were to have been tried yesterday, but one of the tortured boys being in a serious condition, the trial was postponed.

One of the boys is not expected to live and both are marked with numerous gashes and bruises.

THE MOTHER ARRIVES.

Came in This Morning From Roanoke to Claim Her Children.

The mother of the six children who came here Wednesday from Winston and were without means to go further, arrived this morning from Roanoke. She is a Mrs. Looper, originally, it seems, from Spartanburg, S. C. She says she telegraphed Clegg's Hotel to meet the children here and take care of them until she came and upon learning that the telegram was not received was very much distressed. The children are all very bright looking and seemed rejoiced that their mother came so soon.

Mrs. Looper took them at once to Clegg's where all are spending the day.

A Pleasant Trip.

The High Point excursion passed through Greensboro on the return from Raleigh at 8:30 o'clock last night. The excursionists were naturally somewhat tired but reported a most pleasant trip. Despite the fact that it was a Sunday school excursion, there were two or three little scraps, none of which amounted to anything. One Greensboro young man imbibed too freely on the way down and in a reckless attempt to break through a crowded car, raised a little ruckus and was put off the train. He proceeded to Raleigh, however, and came back on the excursion.

HALF A DOZEN TRAMPS

Driven Helter-Skelter From the Coal Chute and Two Captured.

Night Officers Jeffries and Stewart had an exciting experience with tramps on their rounds last night having run into a nest of "Weary Willies" near the Southern's coal chute.

As soon as the cops were sighted the tramps, who numbered six, scattered in six different directions and the officers, determined to make a catch, tried to follow all. A good portion of West Greensboro was covered before either of the officers overtook one of the professional skippers, but they finally captured one and landed him in the lock up. The other five were not futher molested, but judging from their speed when last seen, the officers thought they were out of reach of Greensboro in a remarkably short time.

Rivalry in the Court House.

Clerk of the Court Nelson had placed in his office yesterday a handsome clock, with a perpetual calendar arranged therein. Register of Deeds Kirkman at once grew envious of the clerk's "good time" and this morning the register's large clock was missing from his mantle piece, where it had stood since time whereof the memory of man runneth not to the contrary. It had been removed to the Tom Rice Jewelry Company's for repairs.
